

Contract Manufacturer – Scienion UK, Chichester, West Sussex, United Kingdom

SCIENION is the leading manufacturer of ultra-precise, robust, high performance dispensing automation equipment within the life-science and diagnostic field. Our systems are used from early R&D activities to industrial high throughput manufacturing of innovative diagnostic devices and biosensors. We also offer assay development and contract manufacturing services, offering a spectrum of full solutions involving the full manufacturing process.

Scienion UK is experiencing rapid growth in its demand for manufacturing invitro diagnostic tests. We are seeking manufacturing personnel to operate highly technical production systems in the clean rooms at our facility in Chichester.

The position reports to the Head of Contract Manufacturing.

Contract Manufacturer – Chichester, United Kingdom
